

EUROPE DIRECT "PROVINCIA DI VERONA"

Europe Direct is a European information network designed by the European Commission and its goal is to bring Europe closer to its citizens. The network consists of some 500 walk-in Europe Direct Centres and it is one of the main tools of the European Commission to engage with the public on EU-related topics at local and regional level.

The Europe Direct centre of Verona is hosted by the Provincia and its goal is to **inform European citizens at local level about the EU** in regards to the rights of EU citizens, the EU's priorities, legislation and policies. The centre is also a local key figure for anyone who wants to know more about **EU programmes and funding opportunities**, such as young entrepreneurs, business owners, SMEs, cultural associations, cooperatives, schools and so on.

The centre is part of a network that is designed and promoted by the Directorate-General for Communication (DG COMM) of the European Commission. The latter has recently accepted the proposal of the Provincia to continue hosting the centre for 2021-2025 with the project "Development and Sustainability".
